

Objectives of TEIN3 SE Asia Workshops

Myanmar: “Connecting our research and education community to the world”

- to raise stakeholder awareness, support efforts to form an NREN, explore potential network usage and prepare for initial connection to TEIN3/4;

Cambodia: “Cooperation with Europe on research and education networks”

- to support further development of CAMREN, the Cambodian NREN, encourage network usage and further develop the existing connection to TEIN3;

Lao PDR: “High-capacity internet networks for research and education communities”

- to support the development of LERNET, the Lao NREN, build stakeholder interest and re-launch TEIN connection plans.
